# INDUX-R PROJECT TO HOLD ITS 6TH PLENARY MEETING IN PORTO, PORTUGAL

**Five integrated use cases, technological demonstrators and exploitation opportunities take centre stage at the European project's plenary meeting on 9 November 2026.**

The INDUX-R project will hold its 6th Plenary Meeting on Monday, 9 November 2026, in Porto, Portugal, bringing together its European partners to review progress, present key developments and discuss the next steps towards the project's objectives.

A key highlight of the meeting will be the presentation of the project's five use cases, showcasing how Extended Reality (XR), human-centric Artificial Intelligence and advanced digital technologies can be applied in different fields:

- **UC1:** Personalised avatars, 3D reconstruction, dynamic XR interfaces and realistic animation.
- **UC2:** Augmented Reality (AR) user localisation, adaptive interfaces, 3D reconstruction and VR training.
- **UC3:** Virtual Reality for medical training, personalised avatars and motion modelling.
- **UC4:** 4D reconstruction.
- **UC5:** Real-time racing VR experience.

The agenda will also cover the integration of technologies into the INDUX-R ecosystem, demonstrator development and evaluation, end-user training,

standardisation, intellectual property rights, and the project's business and exploitation strategy.

The meeting will provide an opportunity for partners to assess the results achieved, exchange feedback and explore the sustainability and replication potential of the solutions developed.

**INDUX-R is funded by the European Union's Horizon Europe Research and Innovation Programme under Grant Agreement No. 101135556.**

## About INDUX-R

INDUX-R (Transforming European INDUstrial Ecosystems through eXtended Reality enhanced by human-centric AI and secure, 5G-enabled IoT) is a Horizon Europe-funded initiative involving partners from across Europe. Its mission is to redefine how people interact, train, and collaborate in professional environments through cutting-edge XR applications rooted in ethical development.
